

College Project Reflection & Evaluation Paper

Write a reflective two page essay regarding your completed college project describing how you benefited from the experience and things you might have done differently if you had to do it again. Must be a minimum of 2 pages, double spaced, 1" margins.

- Describe how you benefited from the college project.
- What have you learned about your school that you didn't know before?
- What have you learned about yourself?
- What was the best experience you had? Why?
- What was the worst experience you had? Why?
- What do you think you deserve as a grade on your project? Why?
- What could you have improved to make your project better?
- How did your experience differ from your expectations?
- Comment on how well prepared you are for college. What do you still have left to do? In what ways has this project prepared you?
- Are there any areas that this project does not cover that would help prepare you for college?
- What words of advice would you give to seniors who are going to do this project next year?
