

A Newsletter Project: Developing a Healthy Relationship with Food

Research 5 different strategies you could implement to help your child develop a healthy relationship with food. Create a newsletter about the strategies in the [CANVA](#) App (using the Greenery template) that could be hung throughout the community to help educate parents. You must incorporate/cite at least 3 different sources (be sure they are reputable) and the entire newsletter must be written in your own words. One picture minimum must be used.
