

# ADJUSTING RECIPE AMOUNTS

Glue the original recipe you received into your interactive notebook on the left side. Create a chart using a blue or purple marker to show what the original amounts of the recipe would be if they were to be doubled. Use a red or orange marker to show what the original amounts of the recipe would be if they were cut in half. Refer to the notes side of your notebook for help if necessary. SAMPLE:

Doubled (X2)	Cut in Half (X 1/2)
8 chicken breast halves	2 chicken breast halves
1/2 cup honey	1/8 cup honey
1 cup spicy brown mustard	1/4 cup spicy brown mustard
8 slices bacon cut in half	2 slices bacon cut in half
2 cups mozzarella cheese	1/2 cup mozzarella cheese
