

Baby Sign Language Dilemma

PROBLEM...

You've heard some other parents talk about baby sign language, but you're not sure if it's something you should be doing with your baby or not. So...to make a decision, you need to learn more about it. Use your iPad or laptop to conduct your own research. This is what you need to find out:

- What is baby sign language?
- Why do parents use it?
- What are the benefits for both baby and parent(s)?

Baby:

Parent(s):

- What age can I begin this with my baby?
- What are some things I need to keep in mind if I do this? (2 min.)
