

# CAR & DRIVING SAFETY: DID YOU KNOW?

If you are mature enough to have a car and be a driver, then you need to be a responsible driver, keeping safety in mind at all times! Research statistics associated with safe driving. You will create two visuals, choosing one topic from each category.

## Category A: Choose 1

- Texting & Driving
- Driving Under the Influence (Alcohol or Drugs)

## Category B: Choose 1

- Driving & Seatbelts
- Driving & Tire Conditions
- Driving & Road Rage

Create two “Did You Know...?” posters sharing the information. Each poster needs to include:

- Topic Fact & Information
- Statistic Associated with the Topic Fact/Information
- Appropriate Picture (you will need to print this off)
- No Spelling/Grammar Errors
- Cited Sources (Share via Google Classroom)

All posters need to fit on 9 x 12 construction paper. All writing needs to be legible and large enough to read from a distance.

## Did You Know...

### Texting and Driving Don't Mix?

- Of all the cell phone related tasks, texting is the most dangerous activity, especially while driving!
- 1 out of 4 car accidents in the United States is caused by texting and driving.
