

Food Borne Illness Animoto

Name _____

Date Due _____

You have been given the task of uncovering important documentation about serious FBI criminals known to man. These FBI criminals have been on the “Most Wanted” lists for years. It will be your job to create a profile on an FBI to help officials catch these deadly criminals.

Step 1: FBI (food borne illness) to research is _____.

Step 2: Use the internet to fill in the information about your assigned FBI on the “Most Wanted” form.

Step 3: Use the information gathered to create an “ANIMOTO” slide show about your FBI, using the ANIMOTO APP. It must include the following:

- FBI Name
- 2 Photo(s) of FBI (even if invisible to the naked eye)
- Hideouts (minimum 3 food sources) (Text & Photos)
- Crimes (minimum 3) (Text & Photos)
- 3 Prevention Techniques (Text & Photos)
- Concluding Message about food safety

Step 4: Share your complete ANIMOTO with me via Google Classroom. **You will be given 2 class periods to complete this assignment....use it wisely! Be sure to turn in your “Most Wanted” form along with this paper for the rubric.**

Animoto Rubric:

Criteria	Present	Not Present
Title Slide of FBI (1 point)		
2 Photos of FBI (4 points)		
3 Food Sources of FBI Hideout (text & photos) (5 points)		
3 Crimes or Symptoms of FBI (text & photos) (5 points)		
3 Prevention Techniques (text & photos) (5 points)		
Concluding Message about Food Safety (5 points)		
Appropriate Theme & Music Choices (5 points)		
Free of Spelling Errors (5 points)		
Total Points (35 possible)		

FOOD BORNE ILLNESS

Most Wanted

As you research information about your FBI, please fill out the following in complete sentences and with detail. I will use this as my guide when grading your ANIMOTOS.

NAME OF FBI _____

HIDEOUTS: Where is it found? What are its sources food or otherwise? (Minimum 3)

Crimes: What are the symptoms if you get this food borne illness? (Minimum 3)

Prevention: What can we do to outsmart them? (Minimum 3)
