

Families throughout the Decades Reflection

Answer the following prompts in complete sentences in Google Docs or on composition paper. Each response should be at least one paragraph in length (5 sentences minimum).

1. Which decade do you think the family saw the most significant change? Explain your response.
2. Which decade do you think was the most difficult for the family, overall? How did this decade help to strengthen the family? Explain your response.
3. Which decade do you think had it the easiest? How did this positively and negatively impact the family? Explain your response.
4. In your opinion have families changed, overall, for the better or worse? Explain your response and use specific details from the presentations to support your answer.
5. If you could go back in time (pre-birth) and live with a family in another decade, which one would you choose and why?
6. What can we learn from the families of the past that can help influence families of the present in a positive way? Explain your response.
