

# Finger Play

Infants enjoy fingerplays because they have sing-song rhythm and movement or actions. Fingerplays help infants develop physically while trying to do the actions which involve small motor skills. Students will develop an **original** fingerplay. You must know your fingerplay and not have to read them from a paper. Each group is responsible for 2 fingerplays and everyone must participate. Each group will record their fingerplays and upload them to google classroom.

Category	4	3	2	1
Mechanics	Video Quality is exceptional. Music inserted.	Video quality good but did not have music	Video quality less than good	Did not video the play
Puppetry	At least 5 finger puppets are used with creativity	3-4 puppets are used creatively	Less than 5 puppets are used without creativity	No puppets were used
Song Lyrics	Song/Poem addresses all 5 fingers	Only 4 fingers are used in the song/poem.	Only 3 fingers are used in the song/poem	Less than 3 fingers are used in the song/poem
Organization	Shows exceptional creativity.	Good quality. Not all parts were original.	Fair quality. Most elements were borrowed and not original	Poor quality elements.
Use of Class Time	Used time well during each class period. Cleaned area before bell rang.	Used most class time wisely. Would quit before time to put up supplies while not yet being finished.	Frequently off task. Would have to be redirected to work on project.	Distracted others. Did not use time in class wisely.
