

Mask Project Using Twisted Board

1. Create a 3-D mask using the Twisted Boards and dry erase markers that reflects the image you show to society.
2. Be neat and creative--remember you are not being graded on your artistic abilities; just effort!
3. Title your mask, making sure it reflects what you created.
4. Write a brief summary, at least two solid paragraphs, explaining your mask and the internal feelings/thoughts you are hiding from in Google Docs (only I will read this part).
5. Be prepared to share the mask and title (only) with the class. You may share more if you desire.
6. Complete the Exit Prompt in Google Classroom

Rubric

Criteria	Points Earned
Completed Mask & Title Reflecting Mask (10 pts.)	
Oral Sharing (5 pts.)	
Summary Explaining Mask (10 pts.)	
Exit Slip (5 pts.)	
Total Points Possible: 30
