

# Mister Rogers Body Bio

## Small Group Project

---

Trace the body of one of the people in your group. Use the information you learned about Mister Rogers to fill in his body bio. Within his body biography, you should creatively include the following with words and pictures:

Details	Description (5 points each)
Heart	What is this person most passionate about when it comes to children?
Eyes	What is this person's focus regarding children or child development?
Back/Spine	What motivates this person? What is important to this person? What does this person fight for?
Body	What important or meaning item(s) does this person include in or throughout their work(s)?
Feet	What are this person's beliefs? How do they guide him/her?
Background	What is this person's background or education?
Virtues	What are some admirable or positive qualities or traits this person has?
Corruption	What is/are the corruption or vices this person is fighting against in regard to children/child development?
Title	Name of the person this body bio is representing.
<a href="#">Color</a>	Use color purposely throughout the body bio to symbolize the above characteristics/details regarding this person.
Quotes	Include 2 important and meaningful direct quotes from the resource(s) you used. These can be either what this person has said and/or what others have said about this person.
