

Theme Board Project

Name: _____

Multiple Intelligences

Theme _____ Date Due _____

RUBRIC

Components	On Target (9)	Emerging (5)	Not There Yet (1)
Theme Board Criteria	All intelligences are strongly addressed and presented with complete title, hyperlink & picture relating to theme	Some of the intelligences are represented with title, hyperlink & picture but several are missing or not theme related	Most intelligences are not represented and are missing title, hyperlink & picture relating to theme
Quality of Activity and Explanations	The chosen activities & explanations serve to reinforce the intelligence and the connections are strong and clear and true to theme	Some of the chosen activities & explanations do not serve to reinforce the intelligence and the connections are not strong or true to theme	Difficult to follow chosen activity & explanations and make associations to theme or intelligences
Total Points ____ x2			

Directions:

Randomly select a theme and then choose eight different activities for the theme and appropriate for children ages 4-6 that relate to each of the multiple intelligences.

Create a grid in Google Docs with your theme in the center along with a picture illustrating the theme. Then choose and hyperlink your theme activities that represent each of the multiple intelligences. Use your notes for specific criteria.

In the same Google Doc, briefly explain how each of your chosen activities relates to the learning style. Explanations should be 4-5 sentences in length. Share your theme board and explanation paper and rubric via Google Classroom.
